## Congratulations on your Reaccreditation of the International School Award - [ISA-17179]

Dear International Co-ordinator,

Thank you for submitting your International School Award Impact Evaluation form. We are delighted to inform you that it has been approved by our assessors. Congratulations! Your school is hereby accredited from 1 September 2022 to 31 August 2025. To ensure that there is no gap in your accreditation, you will need to submit your next action plan for reaccreditation in just over 2 years. The actual deadline will be announced on our website nearer the time.

Here are the assessor's comments on your Impact Evaluation, to highlight where your application was particularly impressive and points to take note of as you continue to develop the international dimension in your school:

"Queens Park CE/URC Primary School. International School Award Re-Accreditation: APPROVED. Congratulations to all concerned ! Your submission is exemplary in all areas. Your school is clearly proudly committed to embedding an international and global dimension to the curriculum and whole-school ethos, promoting global citizenship, foreign language learning and an appreciation for cultural diversity. The school has a long history of international school partnerships and projects. The international coordinator is doing a great job in incorporating international and global learning in different subject areas and age groups throughout the academic year, enabling your pupils to learn about different countries and aspects of their cultures in a curriculum-based context. Foreign language learning is brought to life by including French cultural aspects, lending motivation and context to the language element. Your numerous international school links are providing rich learning experiences for pupils and staff. Collaboration is active, effective and reciprocal, enabling pupils to share information with their peers in other countries on agreed topics to promote discussion and comparative study and access to some key global issues. Teachers are sharing good practice internationally and are skilled in curriculum development to incorporate an international and global aspect. The required ambassadorial role is firmly established in your position of expertise and experience, which you are clearly proud to share in your various networks and via social media and the school website, offering guidance and support to other schools. You have provided extensive detail in all areas of the form. Your Impact Evaluation is reflective, with insightful individual feedback comments from pupils, teachers and parents. You highlight the wide benefits for all concerned. You have exciting plans to consolidate and further develop your international links, activities and opportunities. I wish you continuing success and enjoyment with your international endeavours. "
